Dear Parent,

Re: Immunizations reminder

It is a requirement of the Texas Department of Health and a policy of the Board of Education of Sabine Pass Independent School District that all students be immunized against certain communicable diseases, such as: diphtheria, rubeola (measles), rubella, mumps, tetanus, poliomyelitis, pertussis, hepatitis B, hepatitis A, and varicella (chickenpox), according to the immunization schedules set forth in department regulations.

The summer break is a great time to get your child's record up to date so she/he will be ready for the 2013-2014 Fall semester.

Attached is an immunization schedule for all ages and grades. Please review and obtain any necessary vaccines your child may need.

Sincerely,
